CHANDRA MINI DTW

TRACK LIGHTING

Track Fixture

CHANDRA MINI DTW is a new fixture added to the Chandra series, the special about this fixture is that it comes with dim to warm feature; as the power descends the CCT decreases, the light color become warmer as the light dims. Starting at 3000K to 1800K

It is available in a variety of beam patterns with a 90CRI, the CHANDRA Mini DTW will enhance your retail surrounding to another level creating a cozy warm like sunset environment.

WARRANTY

SYSTEM WARRANTY - 5 YEARS

Eralux will warrant defective drivers, LEDs and boards for 5 years from the date of purchase. This warranty is valid only if the fixture is installed and used as per installation guides and specifications. If a defect is present, Eralux will send drivers and boards at no fee with a thorough replacement instructions along with instructions on the return of the defective parts back to Eralux.

LUMEN MAINTENANCE - L70 at 50,000 hours

Rated for 70% initial lumen output at 50,000 hours of operation, operated at 25°C ambient temperature; per guidelines published by the Illuminating Engineering Society (IES)

LUMEN REPORT

AE-TL-CDM-DTW12WFP3018XXXX Wide Flood 24° Lumens 1060.5 3000K CCT

AE-TL-CDM-DTW12WFP3018XXXX Wide Flood 24° Lumens 35.4 1800K CCT

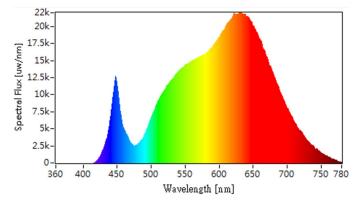

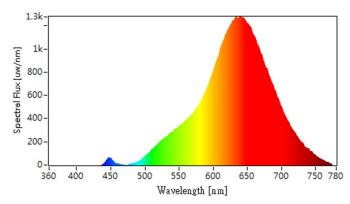

This feature allows you to control the CCT with respect to power.

At 3000K it will provide 100% of lumens which is around 1050 lm, and at 1800K it will offer 5% of lumens which is around 50 lm.

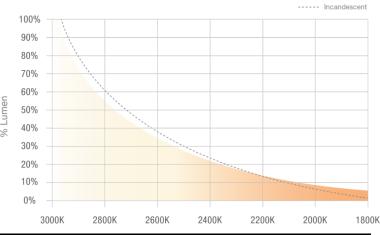

At 3000K and high lumens you get bright light suitable for working. And at 1800K and low lumens you get warm and dimmed light suitable for hosting and relaxing in the evening.

Imitating the sunset stages.

Change in CCT with respect to dimming profile

OVERVIEW

MULTIPLE MOUNTING ADAPTERS

Choose from any of the popular track systems such as Juno, Halo, Lightolier, or Global.

PREMIUM DESIGN

Aluminum die-cast materials selected for efficient thermal heat dissipation, enhanced structural rigidity maximizing LED life and driver function.

MULTIPLE OPTIONS

Customize your track head by selecting from a variety of beam angle allowing you to have a unique fixture that suits your project.

PAINT FINISH

Factory standard in black, white, and silver. Contact for custom paint finishes to enhance your fixture to suit your project space.

EFFICIENT DESIGN

Integrated components allow for small stem and clean aesthetic appearance.

DIM TO WARM

This feature allows the fixture to change the color temperature from 30K to 18K as the light dims from 100% lumens to 5%, creating a warm environment.
