FLEXA

DECORATIVE FLEXIBLE FIXTURE

Decorative Lighting

Flexa is a revolutionary lighting solutions designed to illuminate spaces with unparalleled adaptability. Engineered with precision, this innovative lighting system boasts 360-degree light dispersion. This fixture comes standard with an insert enabling it to be bent into various shapes, while maintaining its sleek and sophisticated design. It has various mounting options: Surface Mount, and Pendant either vertically or horizontally. Furthermore, it can withstand any pattern and maintain its uniform look and distribution. FLEXA is ideal for any space where differentiation and uniqueness is key!

Customized shape and length

Flexa can be cut at any length desired, and because unique ability, it can freely bend into any design and preserve the sleek shape for example you create unique shapes letters or patters, however it not suitable to create uniform design such as straight line or prefect circular, it is difficult to control the metal insert (you can use Flexy for that). Experience unparalleled lighting freedom with our Flexa light.

The following images are examples to show the application for Flexa.

Flexa can be used for unique and unusual designs.
