

JUPITER TRACK ST6

SNAP-IN TRACK SYSTEM AND ACCESSORIES

The JUPITER ST6 track is a two-circuit snap-in track system that can be surface mounted or suspended. This 1" low-voltage track is compatible with the JUPITER track head series, comprised of a variety of cylindrical, pendant and linear track lights. The modules are easily mounted using snap-in adapters. The track and power distribution are suitable for retail, commercial, and residential use.
